

TRUST | QUALITY | SERVICES | SATISFACTION

Anureza Power Projects Pvt. Ltd.

Has been established with the motto to provide complete power solutions to our clients in time-bound manner with utmost focus on quality, safety and economy.

Who are we?

Turnkey Solar EPC

We are a team of Power Engineers and Power Management professionals having more than 10 years combined experience in Power Sector. We offers Design, Detailed Engineering, Procurement, Installation and Commissioning services under Turnkey Solar EPC Solutions for Rooftop, Utility scale Ground-mounted.

Turnkey Electrical Substation

We offer Detailed Engineering, Procurement, Installation and Commissioning services under Turnkey 11kV/33kV Electrical Substation EPC Solutions for Supply, Installation, Testing, Commissioning of Transformer, RMUs, HT Panel, Compact Substations ,etc

Annual Maintenance Contract

Annual Maintenance Contract (AMC) of HT & LT Electrical Substations, Solar Plant and Equipment. Our experience has shown that after installation and commissioning of the sub-station equipment, generally little attention is paid on the maintenance of these expensive and indispensable electrical equipment, which not only reduces their lifespan but also risks human life and lead to associated financial losses.

Internal Wiring of Building and Villas

We handle electrical wiring for new construction. We work on everything from simple homes to large commercial buildings, and we make sure the work is done right the first time. When electrical wiring for new construction isn't done properly, serious problems can develop in the system later on.

Power Control Panel

We Manufacture of all kinds of Electrical Panels such as Power Control Centre (PCC) Panels, Automatic Power Factor Correction (APFC) Panels, Harmonics Suppression Panels, Distribution boards (DB), Feeder Pillars, Motor Control Center (MCC) Panels, Control and Relay (C&R) Panels, Drives, Phase Sequence Correction (PSC) Panels, etc.

Wind Farms

Wind energy is often created on farms where it is easy to install turbines. There generation efficiency is better. We provide, consultancy and service related to wind energy sector.

We Deal In

TRANSFORMER

COMPACT SUBSTATION

Solar Module

Solar Equipment

Street lighting

HT BREAKER
PANEL

POWER CONTROL (PCC) PANEL

Solar Module Structure

Solar Water Pump

Solar Water Heater

Solar Project Executed by "Anureza Power Experts"

30 K SPV Project Noida

60 K SPV Project
Greater Noida

45 KWP RCC Roof-Top

400 KWP RCC Roof-Top,
(Indore, Bhopal, Jabalpur)
Madhya Pradesh

104 KWP Tin Shed
(Ghaziabad) Uttar Pradesh

59 KWP RCC Roof-Top
(Nizamudin) Delhi NCR

11kV Electrical Substation Work Executed by "Anureza Power Experts"

Testing and Servicing of
160KVA Transformer with
OLTC, 11kV Isolator
Panel, HT & LT Cables
(DELHI NCR)

Servicing, Testing and
Periodical Inspection of
11kV Electrical
substation with 630 KVA
(DELHI NCR)

Supply, Installation,
Testing, Commissioning
of LT Bus Coupler Panel.

Servicing, Testing and
Periodical Inspection of
11kV Electrical
substation with 630KVA
Oil Cooled Transformer
with Merlin Gerin relay

Servicing, Testing and
Periodical Inspection of
11kV Electrical
substation with 350KVA
Oil Cooled Transformer
and CG Lucy VCB

Testing and Periodical
Inspection of 11kV
Electrical substation
with 1000KVA, 2 Dry
type Transformer and
Siemens relay

Testing and Periodical
Inspection of 11kV
Electrical substation
with 750KVA, Oil Cooled
Transformer.

Servicing, Testing and
Periodical Inspection of
11kV Electrical
substation with 400KVA
Oil Cooled Transformer
with Ashida Relay

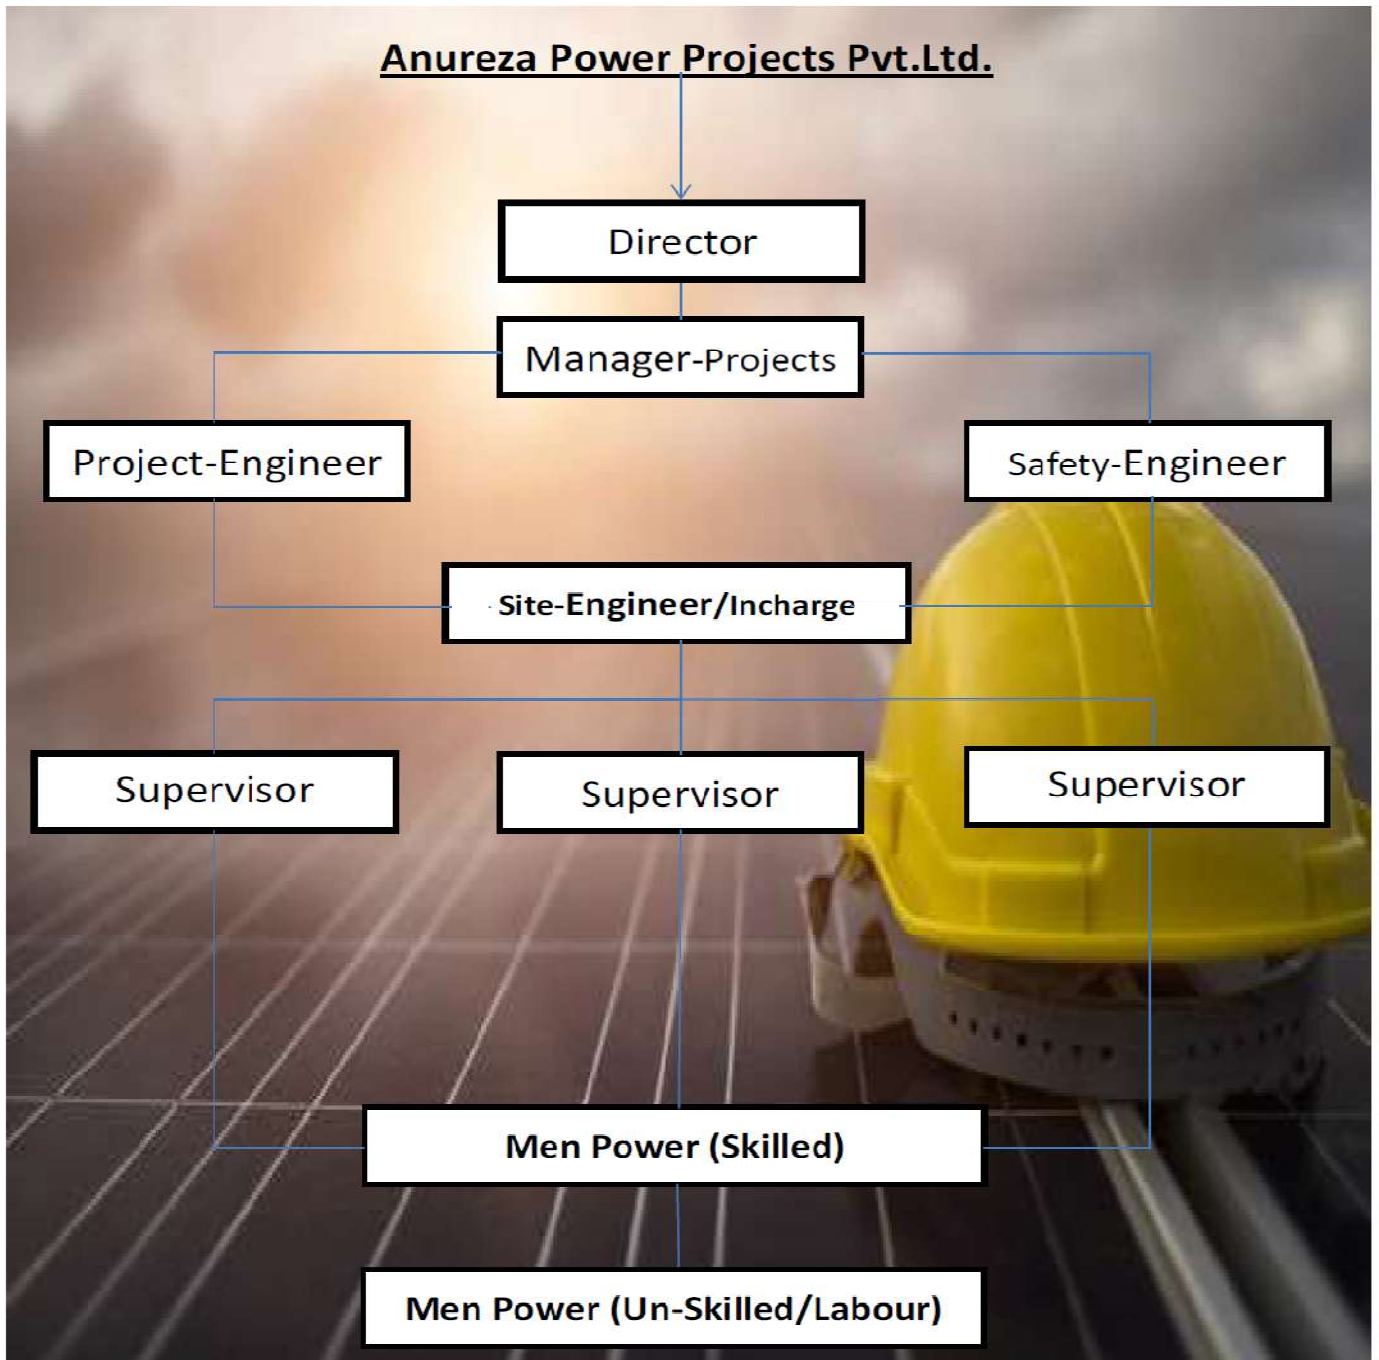

Supply of 170 KVAR
APFC Panel

Servicing and Testing of
630X2 KVAR APFC Panel
