Innovation Optimization Automation

Innovative Products for PERMANENT SOLUTIONS:

Product:

HEXAGON GREEN CONTAINER

Application:

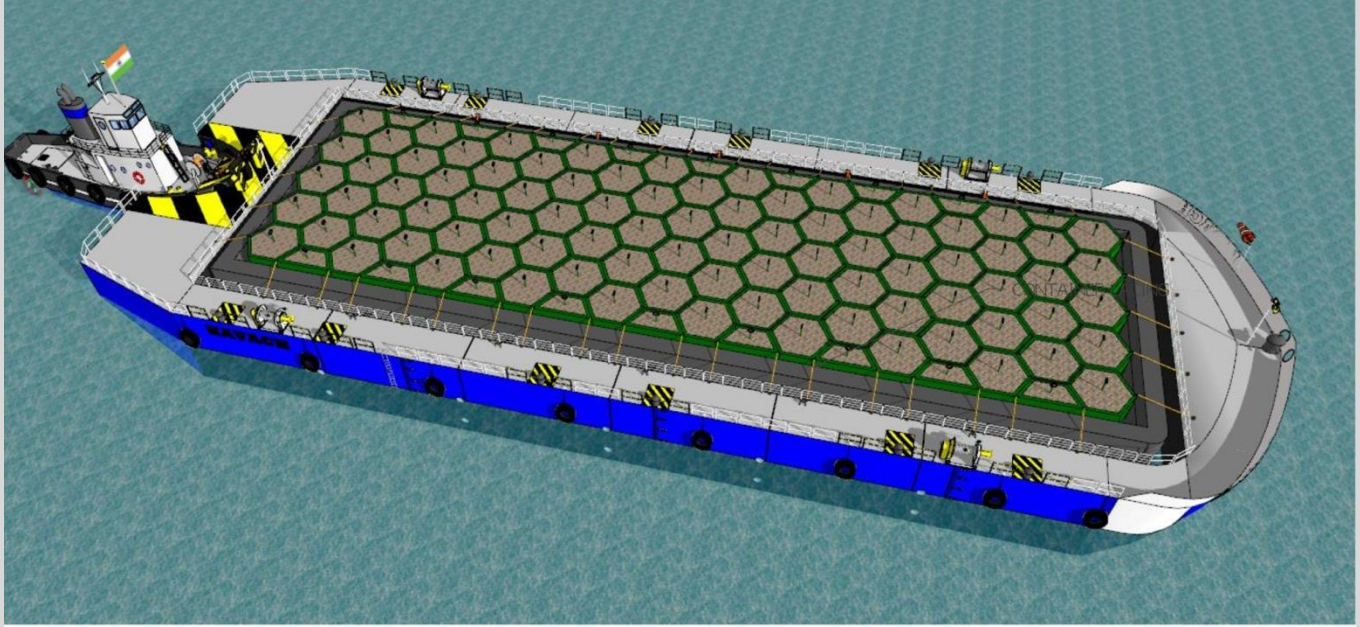

STORING & TRANSPORTING BULK CARGOES

For any type of Dry-Bulk Cargoes- Soda Ash, Ash, Coal, Salt, Cement, Clinkers, Minerals, Agri Products etc.

## Features:

- 1) **Ease of Handling – Loading and Unloading by simple Crane or Chain Block. No Special Crane or Skill Crane operator required.**
- 2) **Fast Loading and Unloading, so highly productive operations.**
- 3) **Zero Pollution/Spillage while moving cargo in HEXAGON GREEN CONTAINER.**
- 4) **Best protection for Cargoes against Moisture/Rain/Fog.**
- 5) **Quality and Quantity is assured while in-transit. So end consumer gets surety of Farm fresh or Source packed Quality.**
- 6) **Increases Body life of Trucks or Loaders.**
- 7) **Very minimal gears for securing HEXAGON GREEN CONTAINER compare to conventional container.**
- 8) **Can be manufactured in any capacity – 100Kg to 30,000Kg depend on needs and application of cargoes.**
- 9) **HEXAGON GREEN CONTAINER is made of HDPE plastic light weight yet strong material to get optimized maximum load capacity or Minimum Tare weight and Maximum Gross Weight.**
- 10) **HEXAGON GREEN CONTAINER 20% Cost effective and cheaper than Conventional Containers.**

## 11) Typical Loading Pattern:
