Warehousing and Distribution

Kangaroo Logistics Pvt Ltd handles General storage Warehousing facility as per customers requirements. KLPL is currently handling storage and distribution services in CANADA thru its associate. Further, we have customers who are international branded companies looking for Exporting & Importing bulk cargo to INDIA as per market requirements.

Kangaroo Logistics Pvt Ltd also plans to consolidate and manage the Movement of Merchandise to distribution centers and retail outlets domestically, regionally and around the globe. **KLPL** provides consolidation services that improves reliability and reduces Supply chain costs for our customers. When our customers do not need an entire ocean container, LCL(Less than Container Load). **Kangaroo Logistics Pvt Ltd** will combine or consolidate the products in one FCL (Full Container Load) with multiple customers cargoes, so that our customer will save more money by paying only the freight rates based on the actual shipment dimensions and weight. We will utilise the container space and organise the container loading according to the different characteristics of the goods and design the direct and transshipment routes and solutions to meet the different requirements of the customers.

Contract Ware Housing:

We have a complete range of Warehousing and distribution services. Our Facilities blend modern systems and equipment with industry-best practices to lower your warehousing and distribution costs while increasing your service levels. Our unmatched experience in managing dedicated and multi-user facilities supports customers.

Kangaroo Logistics Pvt Ltd is the single-source contact for many customers with multiple distribution. We can design solutions tailored to your unique needs with facilities, equipment and people dedicated to your business. This allows you to focus investments on supporting your core business. Our dedicated warehouse management solutions helps you reduce operational costs through efficient processes and targeted use of warehouse automation and reduce inventory through better supply chain planning.

We take full responsibility for your inventory, freeing you to spend the time running your business. We also enable you to reduce supply chain inventory, eliminate out of stock goods and decrease logistics costs. Using shared data, the suppliers are able to better plan production schedules, procure raw materials more efficiently and achieve greater stability through consistent demand planning. We help suppliers with production forecasting, transportation management and distribution to better fill customer orders, while reducing total supply chain inventory with forecast visibility, comparing actual demand against DC-on-hand, store-on-hand and in-transit inventory.

Reverse and Aftermarket Logistics

Reverse logistics is our post-sales support process in which we move goods from their typical final destination for proper or to capture value. Kangaroo Logistics Pvt Ltd aftermarket logistics capabilities include it's leading solutions, which can handle the most complicated service-parts requirements. Air Freight

Shipping your cargo by air with Kangaroo Logistics Pvt Ltd will keep goods moving at optimal speed and efficiency along the supply chain. As one of the best airfreight forwarders, our Air Freight Services provides three solutions, Value, Speed and Low Cost. We have established a professional air cargo services team around the globe thru our agent networks, spreading around all main airports across the globe. We are capable of handling import & export shipment from/to the four corners of the world. In order to satisfy your demand of space allocation and competitive price, we have kept strong relationship with airlines, agent and partners major carriers that secure space on most of the flights, our worldwide portfolio of preferred carriers, chosen for their professionalism, reliability and capacity, is complemented by the best local carriers, help us maintain peak and off-peak transit consistency.

We also offer express clearances, 24x7 dedicated vehicles for door-to door delivery. And we have the expertise and experience to meet your most demanding logistics challenges. Our consolidations are fixed schedule and time definite, using only premium carriers with multiple departures per week from all major airports in every region.

Sea Freight

Kangaroo Logistics Pvt Ltd provides time definite, innovative sea freight services for both Full Container Loads (FCL) and Less Than Container Loads (LCL) shipments worldwide. As one of leading sea freight forwarders, we can handle large volumes on a global basis or specific requirements on a single route at any time and to any destination. We can manage your shipments on an individual basis or as part of an integrated supply chain solution. For your benefit of safe and accurate movement we operate thru our nominated Container Freight Station (CFS) or carrier relationships ensure loading priority for all of your sea shipments. And when congestion becomes an issue, our local experts work with you to book capacity and finds the most effective alternate routing, minimising delays and ensuring that goods arrive when needed

Kangaroo Logistics Pvt Ltd also has range of value-added freight management services such as managing carrier contracts on your behalf.

Additional Sea Freight Services:

- Quality CFS facilities at major ports.
- Transportation expertise at origin and destination.
- Customised consolidation.
- Local, proactive vendor management. Vendor documentation.
- Packing, labelling Palletization and bar-coding.

FCL (Full Container Loads)

terms of attractive rates, transit time, security and service worldwide from our close partnership with premier sea carriers. Our value service is designed for customers seeking the most effective "Full container load" (FCL) sea freight option, while still meeting important time schedules. Kangaroo Logistics Pvt Ltd will deliver your FCL shipment anywhere worldwide.

LCL (Less than Container Loads)

Our experience in handling and packing LCL is proven and Kangaroo Logistics Pvt Ltd offers superior services providing regular, reliable, fast and cost effective weekly sailings. We offer reliable port-to-port and door-to-door transit times consistently throughout the year. Our Less than Container Load (LCL) Service offers you shipments with fixed schedules under our control at origin /destination. It is most consistently reliable LCL shipping service available.

Customs Clearance & Security

A well-designed and well-managed customs clearance program reduces cycle times, improves shipment visibility and lowers cost. Local experts of our Customs service enable timely and reliable movement of your goods through the customs process. We offer clearance in a consistent, timely and cost effective manner by acting as a direct extension of your business to develop individual service programs that are uniquely tailored to your needs. You are assigned a single point of contact that is trained to handle all of your customs clearance needs by licensed professionals to the extent permitted by law. Where available we provide translation and classification for documents. Because we check cargo availability, arrange physical inspections, re-stuffing and delivery. We also arrange survey of damaged cargo and obtain damage/loss reports to protect your right to make claims through underwrites

Sea / Air Operations

On an average, we handle 2-3 containers on a weekly basis. These shipments are transported to the nearby ports and custom cleared for further movements,
