

ALUMINIUM FOIL TAPE

Aluminium Lami Tape, one of the most demanding tape used in HVAC industry specially processed with non tear able feature & high coating of hotmelt adhesive grips the joint firmly & assist in air & water proofing of Ducts in long run with assistance.

COPPER TAPE

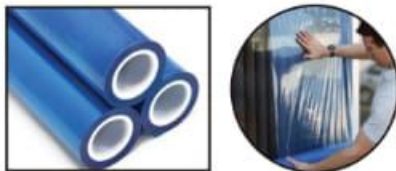

Jonson's Copper conductive tape is made up of thin pure copper, it's extremely flexible and can take on nearly any shape. You can easily solder on it, and the tape itself can carry current just like a wire. On the back is an electrically conductive adhesive.

BUTYL TAPE

MASTIC

Butyl Sealant Tapes are synthetic rubber strip that are used for sealing application in metallic roofing, double glazing, etc.

SURFACE PROTECTION FILM

Surface protection film which are useful in different industrial use. These can be used in decorating, labeling, protecting, combining, sealing and even color coating.

DOUBLE SIDE FOAM TAPE

These are heat, weather resist with excellent adhesive strength. Our JONSON Double side foam tape are specially used for Automotive, Fixing bodyside moldings, Fixing Interior etc.

DOUBLE SIDE RED MOUNTING TAPE

Double side red liner tape consisting of a transparent polyester film with high adhesive. Specially used for Mounting of ABS plastic parts in the car industry, Self – adhesive mounting of rubber/EPDM profiles etc.

REFLECTIVE & RADIUM TAPES

We manufacture these high visibility reflective tapes which are ideal for the night use markings, these can also be used for traffic safety purpose and available in various shapes and sizes. Our complete range is widely appreciated for their durability and weather resistant attributes.

WRAPPING COATING MATERIAL / PIPE WRAPPING TAPE

This Bitumen base tape is also used in the oilfield industry to wrap above and underground pipes to prevent corrosion due to the high methane levels in the soil around oil fields.

ELECTRICAL TAPES

We manufacturing cotton friction tapes. Which are made from integrated with rubber based adhesive. It is extensively used for BDV and reduces friction in LT cable joints also used for high voltage and improved adhesion for strong gripping.

J JONSON®

Pressure Sensitive Adhesive Tapes

DOUBLE SIDE COTTON TAPES

Jonson Double Sided Cotton Tapes play an important role in flexo printing industries as it is bonded with a stereo made up of generally Polymer of other side fixed on printing Rollers. It gives a good number of impressions before it gets exhausted.

MASKING TAPE

We are engaged in supplying you the high in demand supreme quality masking tapes which are known for their wear and tear resistance. They don't have a strong adhesive like many other just to ensure they can be taken off easily when required. These masking tapes are highly used in painting business where a certain part is not supposed to be painted and later taken off.

time in India One Roll Printed Bopp Packing Tape

Ideal for Small shopkeepers,
Startups, SMEs, Professionals,
Gifts & Novelties and Industries

HT RUBBER TAPES

HT EPR Tape is self-amalgamating high voltage tape for insulating & jacketing splices through 69 KV. It amalgamates quickly yielding a void free, electrically stable build up & is ideal for water-proofing. Excellent moisture, corrosion & chemical resistance.

SILICON RUBBER SELF-FUSING TAPE

It is a high performance, extruded wrapping tape. No adhesive is required for lapping & wrapping. The tape is self-adhering, self-fusing and permanent. And can even be applied UNDERWATER!

DUCT CLOTH TAPE

We manufacture a wide and quality range of duct tapes which are known for their strength and strong bonding. These duct tapes are very useful for packaging.

ANTISKID TAPE

Anti-Skid Tape provides safe and effective solution to all areas where slips and trips can cause injury. Thus preventing accidents against slippery places and suitable for all kinds of surface:- Granite, Marble, Ceramic Tiles, Wood Glass, Metal etc. can be used bend over 90 degree angles without any fracture.

FILAMENT TAPE CROSS / MONO

Filament Tape or strapping Tape is a pressure sensitive tape and possesses the properties of good adhesion, high tensile strength combined with clean removal used in Bat. It resists center seam spitting in both longitudinal and cross direction. It has excellent resistance to nicks, abrasion, moisture and scuffing.

FLOOR MARKING TAPE

Floor Marking Tape is tough, durable PVC tape with strong adhesive qualities for indoor use, ideal for factories, warehouses, hospitals, gymnasiums etc. It comes in different colors, with various finishes-like glossy, matt, reflective etc. to mark Lanes and corridors in factories, warehouses & hospitals and hazardous or no-go areas.

We are manufacturer of all kind of Industrial Adhesive and Non-Adhesive Tapes

Cloth Tapes/D.S. Polyester Tape/Surface Protection Tapes/Kapton Tape/Aluminium Re-inforced Tape
PVC Tapes/Thermal Tapes/Teflon Tape/Paint Testing Tape/ Foam Tapes/ High Temperature Tapes/VHB Tape etc.
